FINISHING TOUCHES ON BIG FREIGHTER

Workmen Busy on Gunston Hall at Plant of Shipyard

TRIAL TRIP SHORTLY

Big Steel Cargo Carrier Soon to Enter Fleet Carrying World's Trade—An Alexandria Product.

The finishing touches are now being made on the gigantic steel seagoing steamship "Gunston Hall", and when completed, she will be given her trial trip after which plans for her entering the freight trade of the world will be in order.

The mechanics employed in building the "Gunston Hall" are to be congratulated for their fine work as every part of the ship shows the handwork of experts in their respective trades. The officers and crews quarters are finished in oak and the rooms are furnished with everything to make the men comfortable. Dining rooms and cooking gallery are equipped with useful devices to aid in preparing and serving meals to the crews.

Every modern invention for ships has been installed, including a powerful wireless telegraph plant.

Ship carpenters have built an interior lining to protect the hull, using about 50,000 feet of dressed lumber for that purpose. The boilermakers have used 23,000 fire brick around the boiler to retain heat. Five car load tanks of oil were placed on board last week for fuel.

Four ships are now on the ways and will be completed as rapidly as possible. It is announced that keels will be laid for new ships in the near future.

Alexandrians should visit this plant and see the modern machinery that has been installed including several modern inventions worthy of note among them the acetylene fire flame that burns its way through steel plates of all designs, rivet making machine that turns out about sixty rivets a minute and the steel-plate bending machine which will turn a great steel plate to any shape desired.

The Virginia Shipbuilding Corporation is deserving of praise from all Alexandrians for their many good deeds since locating here, and they should be encouraged in every way possible to continue their excellent work and make this city one of the leading shipbuilding centers of the United States.

A. H. S. WINS CHAMPIONSHIP CAP FOR THE SECOND TIME

Saturday the Alexandria High School track team journeyed to Manassas to complete in the annual track and field meet of the Eighth Congressional District.

The team was accompanied by very nearly the entire student body. The students, who were on the sidelines helped greatly to arouse enthusiasm in the team.

In spite of the rain there were four schools represented namely, Leesburg, Aldie, Manassas and Alexandria. The meet was closely contested but the superiority of the A. H. S., boys in the races gave them an advantage over the other teams, and they easily carried off the meet with a total of 47 1-3 points to Manassas 33 2-3 and Leesburg 29.

Davis was the star for Alexandria making 14 1-3 points; Midkiff, second with 8 points; O'Meara and Hicks third, with 7 points each. Other point winners were Downham and Bales, 4 each, and Pohl. E., 3.

This is the second time in succession Alexandria has won the championship of the th district and it needs to be won only once more to become the property of the Alexandria High School.

AWAITING PEACE TREATY

Terms Will Not be Presented to Vienna Delegation Until Late Next Week

Paris, May 19.—The Austrian peace treaty, according to indications, will not be ready for presentation before the latter part of next week. It is understood that the failure of Hungarian delegates to arrive, and the uncertainty regarding conditions there, caused a considerable redraft of portions of the document concerning overlapping questions in the former dual monarchy.

Meanwhile ,members of the Austrian delgation at St. Germain have as yet done little except to accustom themselves to the historical and beautiful place. They spend long hours in bed and seem to enjoy the abundant meals, which are probably in sharp contrast to what they knew in Vienna. The members are rarely seen outside their villas and have not yet, according to all information, attempted any serious labors nor dispatched one courier to Vienna.

The only exception to this easy life has been furnished by the four food experts with the delegation who had another conference today with the inter-Allied representatives concerning methods and details of revictualizing Vienna and what is left of Austria.

The ceremony of exchanging credentials with the Austrians probably will occur Monday or Tuesday in the Hotel Henry Fourth. Jules Cambonx, the chairman of the Inter-Allied Commission of Credentials, and the other members will be received by a guard of honor of dismounted chasseurs who will be withdrawn.

Before the Austrians, headed by Chancellor Renner, arrive so as to avoid, according to the Austrians, any military honors, tomorrow will be a big church going day at St. Germain.

It is fully apparent that in the negotions with Austria Italy plays no secondary role.

LOST SEAPLANE

Commander Towers and Crew of NC-3 Now Missing More Than 40 Hours.

Washington, D. C., May 19.—Apprehension as to the safety of Commander John H. Towers and his crew of four men, who in the seaplane NC 3 have been lost at sea for more than 40 hours. has begun to displace the feeling of confidence among naval officials that the transatlantic naval officials that the transatlantic fliers soon would be found by searching vessels.

No word had been received from the NC-3 since 5:15 o'clock Saturday morning, when Commander Towers reported that his plane, the flagship of the squadron, was off her course some 300 miles from the Island of Fayal, Azores. Dispatches from Rear Admiral Jackson, aboard the U. S. S. Melville, at Ponta Delgada, Azores, last night said a gale was sweeping the seas northwest of the Azores and that high waves were running.

With the NC-4 at Morta groomed and ready for the next leg of the transatlantic flight and the crew of the NC-1 safely aboard the cruiser Columbia at Horta, the navy, with its vast force of vessels, concentrated to aid in the trans-atlantic attempt, was bending all of its energies to the finding of the lost fliers.

Two battleships, the Florida and Texas, and nearly a score of destroyers are scouring the sea over a wide area day and night

Using Corvo Island as an operating base, the screen of battleships and destroyers were sweeping westward in a great semi-circle in an effort to catch sight of the NC-3 or pick up radio distress signals. The high winds and heavy seas prevailing made the work of the rescue party most difficult.

DEATH AT CROSSING

One Man Killed, His Wife And Baby Badly Hurt And Four Others Suffer in Tragedy

Philadelphia, May 19.—When an electric express train on the West Jersey & Seashore road ground an automobile to pieces at the grade crossing in Westville last night, one man was killed, his wife and baby boy seriously injured and four other persons badly hurt. All were taken to Cooper Hospital, Camden, and it is feared other deaths may follow.

The man killed was Joseph Baker, 28 years old, of Westville. His wife, Helen, 25 years old, has serious internal injuries and their year old baby boy is believed to have a fractured skull.

Cooper Beideman, 50 years old, father of Mrs. Baker, is suffering from deep scalp wounds, and many bruises, Roy Plum and his brother, George are cut and bruised, and the latter's 18 months old baby is suffering from a fractured arm and supposed fracture of the skull.

FALLING WALLS KILL CHILD

Lansdowne, Pa., May 19.—One little girl was killed Saturday evening and another badly injured, when the walls of a row of houses on Baltimore avenue near Burmont avenue, burned some time ago, fell on them. The dead child is Dorothy, 12 year old daughter of Antohny Abrams, and the injured girl is Marie, 8 year-old daughter of Fred Ritchie.

The two children were walking in the rear of the ruins to a spring to get water for their parents when the walls fell.

Several years ago fire destroyed a row of stone houses owned by Jacob Hoffman, of Philadelphia, but the walls never were tore down. The owner visited the scene of the accident yesterday and said he would raze the walls, which long have been an eyesore at the entrance to Lansdowne.

Sergt. Cox will go to Fredericksburg for the purpose of summoning the jurymen who will sit in the case which will be presided over by Judge Goolrich.

LEAVES FOR BERLIN

Mystery Surrounds Movements of Head of the German Peace Delegation

Paris, May 19.—The head of the German peace delegation, Count von Brockdorff-Rantzau, came to Paris Saturday night, but only for a brief stay. On his way from Versailles to Berlin the Count and other members of his party went through the city to the Northern Railway station. They arrived at the station at 10:20 o'clock and departed an hour later.

On arriving at the station the Count immediately entered a drawing room car bearing the imperial German arms, which had been coupled to the Paris-Cologne express After thanking Captain Bourgoin for the courtesy extended by the French officer ,the Count closed the door himself, while the German attendants drew the window shades The train left Paris just an hour after he went on board.

When the Count will return is uncertain, It was stated in French circles, which at first attempted to conceal his intended departure, that he was going only to Spa and would return on the next train, but his absence undoubtedly is for a considerable period. Among those who accompanied him was Max Warburg. Herr Lienert and Herr Scheucking were not in the party. They will remain at Versailles in charge of negotiations which may be continued until their chief's eventual return It is evident from a survey of the baggage that several of those who left for the German capital would not return. Their departure from Versailles was shrouded in mystery by the French and it was witnessed by no one except a large force of detectives and gendarmes.

FATHER SLAYS TWINS

Commits the Hideous Crime Within a Day After His Release From an Asylum

Lancaster, Pa., May 20.—Angelius Angelini killed his four year old twin sons and attempted to kill his wife yesterday afternoon. She fled from the house ran to a neighbor's and, before the police arrived, the boys' bodies had been horribly mutilated. Mrs. Angelini was in the kitchen of her home on the outskirts of the city when her husband took the boys into a bedroom and locked the door. He first clubbed them, next used a trowel on their heads and wound up by hacking them to pieces with a pickaxe. He then carried the bodies to the yard and was busy cutting them to pieces and putting them in a milk can when the police arrived.

He had a blanket around his body, but wore no clothing when taken into custody. He made no resistance, saying that another man killed the children. Three months ago his wife had him committed to the county insane asylum, but he apparently recovered his reason and last evening, on her petition, was released from the asylum on probation. In 1916 he was in a automobile collision and from that time his mind had been affected.

HAPPENINGS ABOUT CITY TOLD IN BRIEF

John R. Dove, sixty-three years old, died Saturday at his residence in Accontink, Fairfax county. His funeral took place at 2 o'clock yesterday afternoon from the Woodlawn Baptist Church and burial was made in the cemetery at that place.

A called meeting of both branches of the city council will be held at 8 o'clock tomorrow night at which time the new revenue bill and license law for the fiscal year beginning May 31, 1919, will be presented for consideration.

The funeral of Mrs. Susan P. A. Calvert, who died Thursday night at her residence, Mt. Auburn, Four-mile run, Alexandria county, took place at 4 o'cloik Sunday afternoon from Christ P. E. Church. Services were conducted by Rev. Dr. W. J. Morton, rector, and burial which was private was in Pohick cemetery.

An automobile in charge of a young man from Delaware collided with a milk wagon in charge of a Fairfaxan named Javins at King and Royal streets about 11:30 o'clock this morning. The wagon was damaged to the amount of $8, which the owner of the automobile paid. The accident resulted from a misunderstanding, the young man supposing teh train would pass east on King street. Instead, however, it turned south, causing the auto to strike the milk wagon. A large crowd gathered at the interesection after the accident.

Arrangements have been made by the Seminole Players minstrel troupe to give a performance May 26 at the Walter Reed Hospital for the soldiers. The performance will be put on free of cost to the soldiers. A meeting will be held at the Opera House Wednesday night for rehearsal.

EPISCOPAL COUNCIL

Will Convene Wednesday in Winchester

The one hundred and twenty-fifth annual Council of the Protestant Episcopal diocese of Virginia will take place on Wednesday, the 22nd instant, in Christ Church, Winchester. The Council will be opened at 10 o'clock Wednesday morning with the services of Holy Communion followed by the Bishop's address. After that the business sessions of the Council will begin and continue regularly through Thursday and Friday until one o'clock on the latter when it will adjourn. It will be remembered that Bishop Gibson died last February, and the present Bishop, Dr. Brown, the former co-adjutor bishop became automatically the Protestant Episcopal Bishop of Virginia.

The Council will no doubt be well attended on account of the important business to be transacted. As the General Convention of the Episcopal Church in the United States will meet this coming October in Detroit, Michigan, four clerical and four lay delegates must be elected for the diocese of Virginia at the meeting of the Council in Virginia. The pending changes proposed by the committee on revising the Prayer Book will also come before the Council for its decision so as to be reported under the constitution of the Episcopal Synod of Washington in which the diocese of Virginia is situated more legislative authority will also be voted upon. There are one hundred clergy within this diocese so with the lay delegates which are accredited from all the churches in union with the Council there will be about 200 members in attendance. All the professors of the Theological Seminary near this city, expect to attend except Professor Kennedy, who will attend the Convention of the Episcopal diocese of West Virginia next week. The clergy of this city expect to be present and the lay delegates who have been elected to the Council are respectively as follows: Christ Church, Clyde C. Lamond, St. Paul's Church, Arthur Herbert, Grace Church, W. W. Simpson, all of whom expect to go.

SALVATION ARMY'S APPEAL

Love for one's fellowman and service to humanity, wherever and however it may be needed, to alleviate human suffering, to relieve want and distress, to raise the fallen and strengthen the weak—that, in brief, is the platform of the Salvation Army, which comes before Alexandria today asking that during the week as God has blessed the old town it will contribute that its field of labor may be expanded and that its usefulness to man may grow more abundantly.

The Salvation Army has long been known for its work of mercy and charity. Its members are seen nightly on our streets with their tambourines, and their voices, lifted in song and sermon and prayer for the reclamation of wayward hearts, mingled with the noises of the city. They too often receive scant attention from the throngs that pass them by.

As a contemporary says, "when a Salvation Army worker is seen hats should come off in respect as the mind should leap to the war-torn fields of France as the eyes sees the thousands of those devoted men and women working in the trenches under the storm of shell, in the camps, about the hospitals, wherever a ministering hand or an encouraging word was neded, without fear and without hope of reward except the consciousness that they were serving those who needed them most. How many lives were saved by their sacrifices, how many weary, lonely and homesick hearts were lightened, how many a soldier kept in the path his mother would have him follow, and what the effect in maintaining the army's morale, which after all was what defeated Germany, can never be known, but it is known as a factor in the winning of the war the Salvation Army was second to no other organization. And the boys who are coming home are bidding their praises for what it has accomplished. It is one organization of which there has been on breath of criticism—only words inspired by love and gratitude and thankfulness."

AMERICA BRIDGES OCEAN

As was stated in Saturday's Gazette, America has accomplished the feat of bridging the Atlantic by air. To NC-4, jinx-ridden ship of the aerial squadron, has fallen the honor of being the first to reach the Azores. Commander Read, the 31-year-old naval officer in charge of the big flying machine, brought the great air boat to a landing in the harbor of Horta, Island of Faya, at 9:25, New York time, Saturday.

The whole population of Fayal turned out to greet the American flying men, and were kept in touch with the progress of the flight by wireless from the line of destroyers along the course from Newfoundland to the Azores.

The Azores, or Western Islands, is the name given to a widely separated group of islands lying in the Atlantic Ocean. Portugal owns them. In 1900 the population was 256,291, and their area is 922 square miles. They lie fartherest from land of any group of islands in the Atlantic. The nearest American headland is more than 1,000 miles. There are ten islands in the group.

The inhabitants of the island are principally Portuguese in origin. Many are illiterate.

Fayal, the island to be honored as the landing place of the NC-4, is of the Central group of the islands.

The name Fayal means "beechwood," from the great abundance of that wood found there by Portuguese who explored it long before America was discovered.

It is one of the most visited of the group of islands and lies in the most traveled line of ocean travel.

THE LIMELIGHT OF WAR

Alfred Noyes, of the Saturday Evening Post, says the war has shown us the completed moral rottenness of two great European empires. It has shown us men of culture, statesmen, diplomats, lying and plotting murder. It has shown us ambassadors, apparently polished gentlemen, turned out by the best tailors, advising their governments to sink the ships of the friendly countries to which they were accredited, without leaving traces of the human beings aboard those ships. There is not a crime which devils might be supposed to whisper hoarsely to one another in the darkest regions of hell that these representatives of civilization have not embraced as a virtue. We have become so familiar with it that we have ceased to realize its utter horror. The Peace Conference is becoming more and more political in its nature, more and more concerned with technical details. Something more than this is absolutely necessary if we are to make the world safe not only for democracy but for the human soul.

EMPRESS EUGENIE

Of all the countless thousands of people who have read with emotion the terms of peace offered to Germany, perhaps the one who was stirred by them most deeply was the Empress Eugenie. This is suggested by the Baltimore News. It is a strange fate, that which has permitted the widow of Napoleon III. to witness the downfall of the Power that half a century ago brought ruin to all she held dear. As she considers the severity of the terms, they will bring back memories of her own humiliation and sorrow, of the capture of her husband, the defeat of his armies, the overthrow of his throne, of his exile and premature death, of the loss of her son in the wilds of Zululand.

"From the beginning of the war Eugenie has hoped and prayed and worked for the victory of the Allies. Her home on Farnborough Hill in England has been transformed into a hospital for British officers. Here she has devoted all her means and all the feeble strength of her ninety-three years to caring for the men wounded in the cause so dear to her heart. And the suffering soldiers have watched with interest this old lady who moved among them, active despite her age, recognizing in her a figure from bygone days, the days of Napoleon and Palmerton and Bismarck and Cavour.

"For the young men, victory has meant much; the salvation of their country, the preservation of liberty, the vindication of justice and right. For their aged benefactress, it has meant how much more?—vengeance, a revenge all the richer for coming after half a century of waiting. The Prussians crushed her world, the brilliant world of Imperial Paris, in which her rank and beauty caused her to rule supreme; but at last their turn has come. Now that their power has been broken, and their arrogance humbled, she can pass on to the shades, contented that she has lived to witness the new scenes at Versailles."

DRY FORCES AFTER BEER

Anti-Saloon League Will Try to Have Congress Label It Intoxicating

New York, May. 19.—The decision of Federal Judge Handy Saturday in the test suit brought by the Joseph Hoffman Brewing Company, of this law prohibits the manufacturer and sale only of beer which is intoxicating has redoubled the determination of the Anti-Saloon League to bring about enactment of a law defining intoxicants so as to exclude all beer, Wayne B. Wheeler, general counsel of the organization, announced here last night.

"If Congress defines intoxicants, as we hope it will, Judge Hand's decision will not aid the brewers," he declared.

BOLSHEVIKI ADMIT RETREAT

Bombarded by Warships at Several Points, and Abandon Town.

London, May 19.—A report on military operations sent out by wireless from Moscow by the Bolshevik Government says:

"Along the Gulf of Finland the enemy made an attack under cover of their warships, in the region of Kaskolovo, 10 versts eastward of the mouth of the Luga (75 miles southwest of Petrograd). The villages of Ropsha and Kusemkina, 20 versts northward of the Navara, were bombed by enemy ships, Gdoff, on Lake Peipus, was abandoned by Red troops under pressure of the enemy."

PLANNING WELCOME

Men of One Hundred and Sixteenth Infantry to Walk on Rose Path

Newport News, Va., May 19.—When the One Hundredth and Sixteenth Infantry reaches here tomorrow on the transport Matsonia it will be given the greatest welcome ever accorded any contingent of the several hundred thousand troops who have returned through this port.

The men will march to camp on a carpet of rose petals. Nearly a thousand people of this city and the official delegation of sister cities will meet them off Old Point on tugs and submarine chasers.

There are more than 3,000 officers and men in the One Hundred and sixteenth. Of this number less than 1,500 are Virginians. The remaining 2,000 are sleeping neath the sod in France or recuperating in hospitals in this country or in Europe.

Thursday night the men will be the guests of Newport News at a great street carnival to be held on ten city blocks, now officially known as "Victory Way". Home-made cakes by the thousands will be furnished by the women of Newport News.

Saturday morning the One Hundred and Sixteenth will leave for Richmond.

400 SLAIN IN FIGHT

Constantinople, May 19.—In the fighting which took place after the landing of Greek troops at Smyrna Thursday 300 Turks and 100 Greeks were killed.

The fighting took place for the most part in the Turkish quarter of the town, where the Greeks were met by lively rifle fire.

FIND SENTRY SLAIN

Mystery in Death of Soldier on Guard at Dix Magazines.

Camp Dix, N. ., May 19.—Missing six hours from his post as sentry at the magazine storehouses before his body was discovered with a bullet wound through the heart, Private Floyd M. Hill, Company I, 50th Infantry, met death Saturday night in a manner that is mystifying camp authorities. A military board investigating the tragedy has been unable as yet to decide whether Hill committed suicide or was slain while guarding Government property.

Hill was reported missing from his post at midnight. He had been stationed as one of the guards at the magazines, at a lonely spot north of the Pemberton road, on the outskirts of the camp. Search was made in the vicinity, and, no trace of the guard being found, another soldier was sent to the station. Early this morning Hill's body was discovered by the corporal of the guard, about 150 yards from his post, death apparently having occurred several hours earlier.

The sentry's own rifle had been discharged, but whether in self-destruction or self-defense, investigators have not yet determined. Tending to discredit suicide is the direction of the bullet through the body and the fact that there were no powder stains nor burns on the soldier's uniform. A careful inspection of the ground and measurement of foottracks near where the body was found is being made. Hill's home was in Blacktown, Ark., where his mother, Mrs. Dollie McCurley, lives. He was 25 years old.

YOUNG MAN IS SHOT

Minister and Son Locked up in Jail At Farmville.

Just about the time he was expected to preach his sermon yesterday morning, Rev. C. T. Beale, pastor of the Baptist churches at Dillwyn and Buckingham Courthouse, went to the Dillwyn Inn and is alleged to have sent four bullets into the body of Robert Spencer, probably inflicting fatal wounds.

Spencer, who is one of the best-known young business men of the county, was rushed to Richmond in an automobile and carried to the Johnston-Willis Sanatorium for treatment. Dr. A. M. Willis, the surgeon in charge, said last night that he was in a very serious condition, having been struck once in the head, once in the neck and twice in the back. One of the bullets is said to have lodged in his lungs.

The minister was taken to Farmville and lodged in jail, after declaring that he was afraid to remain in the one at Buckingham Courthouse.

Mr. Beale's son, who is said to have accompanied his father to the inn where the shooting occurred, also was arrested as an accessory, and is in the jail at Farmville. It is charged that he was armed with a knife.

In the preliminary hearing before a justice of the peace, the minister made no defense. Little is known of the details leading up to the tragedy, but is is said that Beale's daughter figures prominently in the misunderstanding between Spencer and the minister.

On Friday night, according to reports, the young woman, who is about eighteen years old, left her home, going in the direction of Bremo. Spencer, it is said, found her near New Canton, and brought her back to Dillwyn. She did not return home, it is reported, but remained that night at the home of a well-known citizen.

Spencers mother, a member of Beale's church, was one of the congregation waiting for the minister to arrive when the shooting occurred. She was notified of the tragedy while still in the church.

Spencer is a son of the late Samuel Spencer, who at one time represented the county in the Legislature. He has been a resident of Dillwyn for a number of years, and is a well-known Mason. The minister has been pastor of the two churches for about nine years.

Stimulate Retail Sales

ADVERTISE

U. S. Department of Labor

Never before has the American public had the money to spend which it has today.

The merchant or manufacturer who sits back and waits for this money to come to him without making any effort to get it will awaken when it is too late. He will then realize that his more aggressive competitor has been on the job and has taken advantage of the strongest sales weapon known to industry, namely, advertising.

Don't wait for things to come your way without doing anything to help them along.

Advertise—increase your advertising. use the newspapers to tell your story. Multiply the value of your sales talk a thousand fold and more. Develop that great potential market which is ready and willing—yes eager to buy the things you have to sell but does not know that you have them.

To stimulate business surely, quickly, and economically—Advertise now.

Your Next Winter's Coal

We do not know what the price of coal will be next Fall and Winter, as the retail price is governed by the price at the mines and the freight.

Our understanding of the present program is that Anthracite coal will advance ten cents a ton a month from May 1st to September 1st, and although we think this program will probably be carried out yet we are not sure of this.

We do know that THE MINES CANNOT PRODUCE, THE RAILROADS CANNOT HAUL, AND THE DEALERS CANNOT HANDLE nearly enough coal during the Fall and Winter months to take care of an ordinary Winter's demand.

This means that coal will have to be mined, transported and delivered during the Spring and Summer to avoid a serious shortage next Fall and Winter.

We advise our customers to take these facts into consideration and order a reasonable supply of coal now.

WAITING FOR GERMANY

Peace Conference Completes Treaty for Allies of the Central Empire

The peace conference, while waiting for Germany to decide on her attitude toward the peace terms presented to her delegation, rapidly is completing the treaties for Germany's former allies, and is smoothing out the differences between the allied and associated powers.

Germany's fifteen days in which to make written appeals on the peace conditions will expire Thursday. Three days have gone by since the last German notes to the peace conference. Subcommittees of the conference are at work on the answers, and it is probable they will be sent to Versailles well before Thursday.

Peace terms for Austria are nearing completion, it is indicated, and the Austrians will present their credentials to representatives of the allied and associated powers Monday afternoon. It is understood that Austria will be called upon to pay reparations to the amount of $5,000,000,000 marks, or one-twentieth of the German payment.

The council of four has agreed on most of the mandates for the former Turkish empire, and it is understood that the United States has been offered Armenia complete, with Great Britain getting Mesopotamia and Palestine, France being the mandatory for Syria and Cilicia, Italy for Adalia and Greece for Smyrna.

The Sultan of Turkey would be given territory in central Asia Minor, with a capital probably at Brusa.

Greek and Italian claims to the Dodocanese Islands, off Asia Minor have been adjusted by Italy agreeing to retire in favor of Greece. The islands, which are populated by Greeks, were occupied by Italy during the war with Turkey over Tripoli.

Rome, May 19.—The Rt. Rev. Charles P. Anderson, Bishop of Chicago; the Rt. Rev. Boyd Vincent, Bishop of Southern Ohio, and Bishop Reginald Heber Weller, of the diocese of Fond due Lac. Wis., accompanied by the Rev. S. Talbot Rogers, of Racine College, and the Rev. Edward L. Parsons of Berkley, Cal., all prominent figures in the Protestant Episcopal Church in the United States, were received by Pope Benedict Saturday. Monsignor Cerretti, secretary to extraordinary affairs at the Vatican, acted as interpreter. The Pontiff was most cordial to the visting prelates and thanked them for their call.

Before seeing the Pope the Americans had a long talk with Cardinal Gasparri, Papal Secretary of State. During the interview the Cardinal said:

"Rather than a reunion of the Christian churches, the Holy See aims at the unity of the church, which in the opinion of Rome, can only occur by all returning to the Catholic church."

Pope Benedict told the visiting clergymen that it was not possible for the Catholic Church to take part in the proposed world conference. The Pope said that as "successor to St. Peter, the vicar of Christ has no greater desire than that there should be but one fold and one shepherd." He added that the teaching and practice of the Catholic Church "regarding unity to the visible church is well known to every one and therefore it would not be possible for the Catholic Church to participate in the proposed conference."

The Pope explained that he in nowise wished to disapprove of the participation in the conference of those who are not united to the chair of St. Peter, but, on the contrary, he earnestly desired and prayed that "those who take part in the conference may be the grace of God see the light and reunite with the visible head of the church by whom they will be received with open arms."

WAS TARRED; GETS $50,000

San Antonio, Texas, May 19.—A verdict of $50,000 was obtained in the District Court here Saturday by W. E. Kellar against 11 citizens of Luling, Caldwell county, Texas, on the grounds of damages growing out of the tarring and feathering of Kellar in May, 1918, at Luling.

Kellar sued for $500,000. His petition for damages alleges that on May 17, 1918, a number of citizens of Luling applied a coat of tar and feathers to him, put a banner bearing the inscription "Traitor! Others Take Warning" on him, marched him through the streets and ran him out of the county. It is alleged that the tar and feathers were applied because of reported abuse by Kellar of the Red Cross, the United States and the American soldier.

APPEALS TO THE POPE

Petition Catholic Church Head to Intervene in Effort to Lighten Peace

Rome, May 19.—The entire German episcopate has addressed a petition to the Pope, praying for his good offices to mitigate the conditions of peace, which, in their judgment, it is "impossible to fulfill."

Pope Benedict, with a view to cooperating in the speedy re-establishment of a lasting and humanitarian peace throughout the world, has taken steps to communicate the petition to one of the most important delegations at the peace conference, with the object of having the conditions imposed on Germany so modified as to make them acceptable.

OVER THERE

HONEST now, did you really think that the pale, frail girl in the dark blue bonnet who begged a few pennies from the busy passer-by would ever do all she did for our boys? She surprised you. Yes, you'll admit she made a big sacrifice—took a big chance and made good.

And what do the doughboys think of her? Every one of them would go through a Hell ten times worse than even Prussianism could conceive to pay back his debt to her. Well, if she's his friend she's yours. Now show your gratitude for the work she did "over there" by making her work over here a little easier.

OVER HERE

When she comes back—and let's not overlook her bigger brother—there'll be plenty of the old work to do right here. Disease and crime don't call off their activities for even a world war.

Dank, dismal alleys reeking with destitution and despair loom up to take the places of the mud and blood soaked trenches of France. They are the battle ground on which Christianity must fight to redeem fallen humanity.

If you could grasp just an inkling of the good and happiness your money can bring, how glad you'd feel to give. So be a good fellow—help the Lass who fed doughnuts to our lads, for some day, maybe, one of these same lads who bled for you in France may need her help again. And you're not the kind who'll let money stand in the way of helping him and his, are you?

$13,000,000

To be raised in a new way—without the old familiar tambourine. Every cent of it to be spent in America for Rescue Homes, Orphanages, Hospitals, Lodging Houses for the Poor, Day Nurseries, Infant Shelters, Industrial Centers, Free Clinics and Dispensaries, Fresh-Air Farms for Tenement Children, Shelters for the aged and helpless, Free Employment Bureaus, Prison and Rescue Work, Free Ice and Coal Stations, Comfort and Aid for the American boys who fought in the war and for their families and relatives.

With your money a man's body and soul can be held together.

Can you refuse to help?

Children smile when they take

FOLEY'S HONEY AND TAR

1st. It tastes good.
2nd. It makes them feel good.
3rd. It will turn a distressed, fretful child into a happily smiling one.

Because it is just what children ought to have for feverish colds, coughs, croup, "snuffles" and heavy, wheezy breathing.

It puts a healing, soothing, coating on a feverish, inflamed, tickling throat, and it stops cough quickly. It is good for croup, too.

It contains no morphine, chloroform, or other drug that you would not like to give to young children, and it is just as effective for grown-ups.

For Burning Eczema

Greasy salves and ointments should not be applied if good clear skin is wanted. From any druggist for 35c, or $1.00 for large size, get a bottle of Zemo. When applied as directed it effectively removes eczema, quickly stops itching, and heals skin troubles, also sores, burns, wounds and chafing. It penetrates, cleanses and soothes. Zemo is a clean, dependable and inexpensive antiseptic liquid. Try it, as we believe nothing you have ever used is as effective and satisfying.

INGOMAR—"The Gypsy Trail"

There are people, undoubtedly, who elect to follow the gypsy trail through life, caring little whither it may lead, so long as they find adventure along the way or freedom from ties that bind them to one spot.

This is the theme of the new Paramount picture, "The Gypsy Trail," in which Bryant Washburn is starred and which is shown at the Ingomar Theatre tonight.

Chapter 3 of the Tiger's Trail also will be shown.

RICHMOND—WM. S. HART

In William S. Hart's newest Artcraft picture, "The Money Corral," which is on view at the Richmond Theatre today, there is one of the most thrilling fights ever staged for the screen. It takes place in an underworld cafe in Chicago's tenderloin district and Mr. Hart bests a lot of strongarm men with ease. The fight is a thriller and is only one of a number of salient features tha go to make this one of the best pictures in which the star has been seen.

RE-ELECTED LEADER

Senator Martin is Unanimous Choice of Upper House Democratic Members

Senator Pittman, of Nevada, has been chosen by Democratic senators in conference as their candidate for president pro tempore of the Senate.

Although conceding that the Republicans were in a position to organize the Senate, the Democrts met to arrange a slate of officers for formal presentation.

The choice of Senator Pittman was without opposition, and the conference also re-elected unanimously Senator Martin, of Virginia, as floor leader and conference chairman.

Thirty-six of the forty-seven Democratic senators were present.

Senator Martin has appointed the Democratic steering committee:

Senator Gerry, of Rhode Island, was chosen whip, suceeding former Senator Lowis, of Illinois.

The Senators were unanimous in a decision to protest against the Republican plan to divide the principal committees by giving ten places to the Republicans and seven to the Democrats. When the Senate committees are organized Senator Martin will ask for larger Democratic representation, and it was said obstructive tactics might be undertaken unless the request was granted.

The conference also adopted a resolution protesting against the Republican conference ruling that pairs would not be recognized in organizing the Senate.

Democratic members of the new House smoothed out the differences which had threatened to develop a fight on Champ Clark for Democratic House leader, and at a party conference the former Speaker was chosen for the leadership by acclamation.

Under the compromise plan a committee will be appointed to consider the advisability of choosing a legislative steering committee.

Representative Saunders, of Virginia, was elected conference chairman and Representative Ashbrook, of Ohio, secretary.

COL. LINDSLEY RESIGNS

Political Sensation May Follow Retirement of Chief of Bureau of War Risk Insurance

Colonel Henry D. Lindsley, who was recently elected chairman of the American Legion at its convention in St. Louis, has resigned his position as director of the Bureau of War Risk Insurance. His resignation was handed Secretary of the Treasury Carter Glass Saturday and was officially announced yesterday.

There are strong probabilities of a political sensation in Col. Lindsley's retirement. Col. Lindsley, in a statement which he issued last night, charges he was unduly interfered with in the administration of the War Risk Bureau by the Treasury Department. Secretary Glass held up a great many appointments of men whose services Col. Lindsley asserts were essential to his department.

Col. Lindsley is denounced for a "spirit of exaggerated importance and insufferable personal variety," in a statement issued last night by Carter Glass, Secretary of the Treasury. Lindsley is accused of "strutting" and "effrontery" and the Secretary denies the War Risk director's administration of his office was impeded.

WILL NOT CALL LAWMAKERS.

Governor Flatly Refuses to Accede to Demands of Good Association

Governor Davis flatly refuses to accede to the demands of the Virginia Good Roads Association, which were in accord with the recommendations of the advisory road board which he created, with regard to assembling the legislature in extraordinary session to consider federal good roads appropriations.

If there is to be a special session of the general assembly, the members will have to issue the call call themselves. That the governor would not convene the lawmakers had been bruited about the state capitol for several days past, is being reported that he had so intimated to the advisory board.

The executive, it is declared, is not averse to having the legislature assemble and dispose of the matter of obtaining several millions of dollars from the federal government for state highway construction improvement and maintenance. The solons, apparently are taking the position that, as the governor, in his campaign for nomination, was a good roads advocate, it is up to him to call an extra session.

FIUME TO BECOME FREE PORT

Romans Accede to Proposal, but Wilson Still Blocks Settlement

Paris, May 19.—Members of the Italian peace delegation admit that Italy has given up hope of obtaining control of Fiume, and has decided to accept the suggestion that it be made a free city under jurisdiction of the league of nations.

Officials declared that this was undoubtedly the greatest victory won by President Wilson since the beginning of the negotiations.

However, despite the fact that the Italians have announced themselves as satisfied with the suggestion that Fiume be made a free city, the big four has not yet accepted the plan.

President Wilson, it is understood, is insisting that he will not recede from his position unless the Jugo-Slavs agreed to the compromise, otherwise he is for awarding the port to them.

RICHEST BABY KILLED

Son of Edward B. McLean Struck by Car Being West Virginia Number

Vincent Walsh McLean, 8 years old, nationally known as "the World's richest baby," was killed yesterday when struck by a machine in front of Friendship, the summer home of his father, Edward B. McLean, on Wisconsin avenue, at Macomb street northwest, Washington.

Conservative estimates placed the child's fortune at $100,000,000.

Dr. James Ernest Mitchell, the family physician, was summoned immediately after the accident, and diagonised the case as concussion probable fracture.

The pathetic death of the world's richest baby last night served to recall that sorrow seems to be linked with the famous Hope diamond. It is now owned by Mrs. Edward B. McLean.

The Hope diamond was an heirloom of royalty for many years and each separate owner appears to have been touched by unhappiness and a veil of tears.

It passed from its titled hands when May Yohe married Lord Francis Hope and the vicissitudes of life caused her to part with it. She is now the wife of a janitor in Seattle, Wash.

When Edward B. McLean, acquired the gem is a gift for its bride, its transfer was accomplished by a law suit entered by Monsieur Cartier, which was later settled.

The diamond is of extraordinary size and beauty and is said to be worth over $100,000.

CONGRESS OPENS TODAY

Initial Session to be Lacking in Picturesque Features

The opening of Congress this noon was minus the picturesque details of former years.

There was no Presidential entourage to describe, as the President is absent and Mrs. Wilson is with him. The diplomatic gallery, moreover, had only a handful of persons, as most of the Ambassadors and ministers and their families are out of Washington.

Perhaps in no time in history has the Capital lacked diplomats to the extent that it did today. The end of the war gave those from European countries their first, opportunity in four years to return home safely, and the Peace Conference has drawn on the embassies and legations for many of their chiefs.

CAN SUE EMPLOYES

Danville, Va., May 19.—The wages of railway employes, although Government workers, since the systems are being administered by the Government, are not immune from garnishment proceedings, according to a decision just made in Charlotte county by Judge G. H. Hundley. Nine years ago John A. Wright, of Halifax county, was given judgment against B. R. Miller, an employe of the Southern Railway Company. A few days ago a suit was instituted to recover the amount in question. The defendant set up the plea that under rule 43 issued by William Gibbs McAdoo, the wages of railwaymen could not be restrained upon. The court held that the rule cannot hold good in a court of law, and he rendered a decision for the plaintiff.
